SEGA

SPACE TREK

Fierce battle in the solar system against attacking UFO's. Encounter meteors and space creatures in mysterious outer space.

SEGA brings you the final word in TV games incorporating many new ideas and innovations.

FEATURES

★ Rapid fire possible with the space ship laser guns.

★ The space ship turns green when its energy barrier is up and turns red when barrier power is gone. Barrier power is indicated on the lower left portion of the screen.

★ When the UFO's are hit, the planets change at random into strange space creatures.

★ A warp feature enables quick approa[ch] to the enemy base.

★ A special scanner feature offers [the] player a chance to attack again after al[l] space ships are destroyed.

★ UFO attack becomes fiercer with each new round.

★ 100 points [for] each new round for the first 6 rounds.

[...] in cockpit, upright [...] ble models.
